

CONTENTS

Volume 9 No.1 (53) 2026

Morphological and anatomical adaptations of selected *Juniperus* L. species to arid environments in Azerbaijan
Sayyara J. Ibadullayeva, Nuri V. Movsumova, Rana R. Suleymanova, Munir Ozturk 2-9

Macrofungi of Guba district of Azerbaijan: biological characteristics and utilization potential
Aytaj A. Alimammadova Husuyeva, Dilzara N. Aghayeva, Nina A. Bisko 10-22

The role of natural saponins in protecting the thylakoid membrane of wheat under low-temperature stress
Sevil B. Dadashova, Gulnara Kh. Babayeva, Nilufar B. Huseynova, Rena A. Ganiyeva, Sara Vitalini, Samira T. Hummatova, Aytac I. Asgarova 23-31

Analysis of morphological differentiation and ecological adaptation of *Cytospora* Ehrenb. species in Uzbekistan
Islom Z. Ortiqov, Ilyor M. Mustafayev, Mirzaraxmat B. Turaboyev 32-43

Ethnobotanical insights of medicinal plants: traditional therapeutic applications
Aleena Gul, Muhammad Zafar, Salman Majeed, Muhammad Rizwan Khan, Barkat Ali Rajper, Rahmat Ali 44-57

Ethnobotanical and statistical analysis of early spring medicinal plants in the Zagatala-Balakan region
Fatmakhanim K. Nabiyeva, Farah F. Amrahova, Gulnara Sh. Shiraliyeva, Samira F. Khudaverdiyeva, Ulkar M. Mammadova, Hasrat Kh. Mammadova, Gulmira F. Rzayeva, Turana A. Hasanli 58-65

Assessment of the species composition, abundance dynamics and bioindicator properties of algae on the southern coasts of the Caspian Sea of Azerbaijan
Aytaj B. Muradova Sayadli, Yagut M. Malikli 66-78

Comparative morphological analysis of species of *Teucrium* L. collected from Guba massif of the Greater Caucasus
Sabina F. Hajiyeve, Rashad A. Salimov 79-89

Effects of imidacloprid-based pesticides on *Cladophora glomerata* (L.) Kütz. collected from Zangilan district
Shafiga S. Umudova, Shakar J. Mukhtarova 90-95
